

Points may be deducted if the balance between original work and external assistance is deemed inadequate.

Additional Software and Frameworks

You are free to use any available IDE and GUI framework you like, as long as it fulfills the requirements. In the lecture, however, MS Windows-based Eclipse is used as the IDE, and Java Swing is used as the GUI framework. Thus, if you decide to deviate from the discussed software, there will be no support during the project regarding this software.

Hints

It is also possible to implement only parts of the given requirements. In case you do that, please make sure that your program is running even in that case. If parts of the specified program are missing, points will be deducted.

It is necessary to successfully submit every required item by the closing date. In addition, successful participation in the milestone presentations and in the final presentation is necessary.

Declaration of Authorship

Example for a declaration of authorship (“Ehrenwörtliche Erklärung”):

I hereby declare that the submitted project is my own unaided work or the unaided work of our team. All direct or indirect sources used are acknowledged as references. I am aware that the project in digital form can be examined for the use of unauthorized aid and in order to determine whether the project as a whole or parts incorporated in it may be deemed as plagiarism. For the comparison of my work with existing sources I agree that it shall be entered in a database where it shall also remain after examination, to enable comparison with future projects submitted. Further rights of reproduction and usage, however, are not granted here. This work was not previously presented to another examination board and has not been published.
